

● ROC

Born and raised in the coastal city of Sydney, ROC Eyewear has been inspiring people to feel confident in their own skin, love their own journey and be proud of who they are since 1995.

Our mission is to make conscious fashion-forward sunglasses that celebrates all types of people. We are undefined, versatile and accepting.

Inspired by our wearers and the environment we are surrounded in, our style ranges from individualistic and versatile street wear to laid-back and confident pieces.
